

BUDCADE

Turn your slowest night into your busiest hour.

Hosted arcade nights for NYC dispensaries — we bring everything, you sell.

Your first 2 hours are free.

We set up a free Demo Corner in your store — one full game station, hosted by us, on a night you pick. Your customers play, you watch the room change, and then we talk.

We bring it, run it, tear it down

One curated station (2–3 games), transport, setup and hosting — zero cost, zero lift for your team.

You just pick a slow night

Whatever night needs the energy — we work around your calendar.

Then we decide together

Quick call after the demo: if the room worked, your first full activation books at our intro rate.
